

Advanced CranioSacral Therapy 1 Introductory Letter

Dear _____

I am hoping that this letter finds you well. I am writing in regard to your next step in the CranioSacral Therapy curriculum - Advanced CranioSacral Therapy 1. The processing and learning in this course has a tremendous value not only to your practice, but can enhance your personal life as well. The benefits will start with you, but will likely pass on to others in your life.

In the Advanced CranioSacral Therapy 1 course, you will:

- Participate in multiple-therapist sessions
- Benefit from one-on-one instructor to participant skill evaluation
- Refine technique applications and further develop palpatory capabilities
- Participate in an in-depth mind/body integration study using the craniosacral system as the core vehicle
- Enjoy a unique experience of learning and sharing with a small group of other like-minded individuals – the course is limited to 10 participants

Some prior ADV participants shared the following:

"In my advanced class I worked through the scars from an old surgery. I healed and released injuries that unknowingly I had been holding on to for decades. I facilitated a classmate releasing their father's transition from this life. It truly expanded my field and I greatly appreciate the opportunity. The power of multi-hands work is amazing. "

Ken Piercy MTI, CST-D; Dallas, TX

"Advanced CranioSacral was a beautiful experience for me. I walked in the class with my mind complete set to learning and taking back everything I possibly could to use as tools for my work. I walked away with an amazing healing experience for myself, some great tools that I use every day in my practice, and some beautiful friendships that will last the rest of our lives. I believe the class is a must for anyone that wants to include CranioSacral Therapy in their practice."

-Tanya Pratkelis MT; Broomfeild, CO

The ADV1 course will be held: _____

Please let me know if you are interested in attending this class. This requires:

___ Successful completion of the prerequisite courses CS1, CS2, SER1, SER2

___ \$500 deposit

___ Letter of application which should include:

- a statement of your interest in attending the course
- a description of how you are presently using CranioSacral Therapy
- an explanation of what you are hoping to gain from participating in this program
- a summary and dates of surgeries, hospitalizations or therapy for any condition; physical or psychoemotional
- a recent photograph (for identification purposes)

Since the courses are in high demand, and limited to 10 participants, please respond as soon as possible to insure your place in the class. Once we have completed all of the above, your application will be submitted for approval by the Instructor. We will send you a confirmation letter when your application is approved.

Please forward any necessary items to me at _____.

We look forward to hearing from you.

Regards,

<NLSIGNATURE>

P.S. If you are not interested in attending this program in 2012, but would like to be contacted in 2013, please check here _____. Our goal is to help you further your CST study when it would most benefit you – please list below any additional needs or requests that we can facilitate.
