We look forward to seeing you at our CranioSacral Applications to Obstetrics I workshop being held in Hartford, CT on Thursday October 1, 2009 - Sunday October 4, 2009, at Sheraton Bradley Airport Hotel in Windsor Locks, CT. Although subject to change, the class is currently scheduled to be instructed by Carol McLellan CMT, CST-D.

SomatoEmotional Release I is the prerequisite to this class. If you haven't taken the course yet you must complete it before attending Obstetrics I. To help you prepare and derive maximum benefit from the program, Dr. Upledger recommends that you read his book A Brain is Born. To obtain a copy, please feel free to call us at 1-800-233-5880.

As a reminder, on the third and fourth days, you are requested to refer demonstration participants upon which you can practice the demonstrated techniques under supervision. We're currently taking applications for demonstration participants and ask that you consider any women and newborns who may qualify and be willing to join us for some relaxing therapy.

We're looking for:
- Expectant mothers in their second or third trimester
- Newborns who are 6 months of age or less (and their Mothers)

An application with the dates and times that participants are needed follows. We also have a flyer/application available if you wish to hand that out. You can get a copy through Educational Services at 800 233-5880 or 561 622-4334.

The demonstration participants are referred by local affiliates, you and your classmates, and can receive immeasurable benefits from attending. Unfortunately, if we are unable to obtain a sufficient number of demonstration patients, the educational quality of the seminar will be impacted. Do not assume others are able to refer a demonstration - if at all possible, please complete and return the enclosed form via mail or fax today.

The demonstrations need to be available:
- Expectant Mother (second or third trimester); day 3 10 a.m.-12 p.m.
- Newborn with New Mother (6 months or less); day 4 12:15 p.m.-3:00 p.m.

Once a participant has been accepted, a confirmation letter will be sent directly to her along with a release form to bring to the class.

If you are more comfortable bringing your own equipment, including a treatment table, you are welcomed and encouraged to do so. We hope you're looking forward to this experience as much as we are in sharing it with you. The idea of using CranioSacral Therapy to improve the process of procreation and potentially alleviate problems before they occur is exciting. It is certainly an extremely valuable skill to have as a therapist.

Sincerely,
Many of our workshops have products available for purchase. Please be aware we can only accept US Funds.
